

PETER STONE BROWN

September 18, 2003

Hi Mike,

Here's a CD of the stuff I'm working on. There will probably be some other stuff as well and some things like "Checking Out Time" for instance, I'm probably gonna do again.

Two songs, "Smokey Mountain Night" and "I Can't Believe It" have stuff we added but I've also put on the solo versions as well - the lead guitar on "I Can't Believe It" is really out of tune.

Tracks 1-9 were done at my friend Dylan's house and "What Do I Do" and "Sold My Soul" were done here on my pc.
